

# Cartridges

## Type ED 310 L

Fixed nozzle, one-piece cartridge for plastic and durable elastic sealants. This thinner walled cartridge is an economic alternative when a strong water vapour barrier is not required.

When used with matching Fischbach plungers, it provides outstanding delivery characteristics and minimises residue left in the cartridge.

The cartridge is suitable for automatic filling, labelling and packaging.

Cost-effective alternative for less sensitive materials, e.g. acrylic sealants.

### TECHNICAL SPECIFICATIONS

<b>Material:</b>	HDPE
<b>Contents:</b>	310 ml
<b>Wall thickness:</b>	min. 1,1 mm
<b>Weight:</b>	39 g
<b>Packaging unit:</b>	140 pieces/box or 64 pieces/bundle

Technical changes reserved.
