

ET-01

Automatic Cartridge Labelling System ET-01

From the Fischbach machinery line for cartridge filling, accessorizing and case packing.

Automatic Cartridge Labelling System: 40 cartridges per minute automatically marked with self adhesive labels.

Features

- Processes plastic, aluminium or fiber cartridges; with or without integrated nozzle.
- The compact design enables the machine to be integrated in any production line, even when floor space is limited.
- Available with or without integrated TT-Printer module.
- Supports very short run length due to easy and quick label change mechanism.
- Laser sensor for cartridge indexing guarantees the highest level of accuracy and repeatability.
- Optimized cartridge spinning drive for trouble free operation with all types of standard cartridges.
- Superior safety devices in compliance with the European CE Standard.
